SECRETARY OF WAR

Recommends the Revival of the Lieutenant Generalcy.

The Expenditures for the Fiscal Year End-ed Jone 30, 1892—The Great Naval Display at Hampton Roads in April—The Military Post.

WASHINGTON, Dec. 5 .- The secretary of war, in his annual report, recommends the revival of the grade of lieutenant general. The interests of the nation demand that the administration of military affairs shall be attended with dignity and authority. To this end it is necessary that the commanding general should be conspicuously superior in rank to all subordinates. Experience has shown that rank, as well as command, is essential to give proper effect to authority in any military organization of importance. Accordingly, it is recommended that the lieutenant generalcy be revived as a permanent grade of army rank. The immediate effect of legislation in this behalf would, it is assumed, create a promotion at the head of the army by the advancement of the sanior major-general, who, by reason of brilliant achievements in war and long and distinguished services, is eminently entitled to such recognition. This view of the case, although appealing strongly to individual feelings, is regarded as incidental only to the main argument, which is advanced exclusively upon the broad-basis public of expedi-

The expenditures for the fiscal year ended June 30, 1892, are as follows: Salaries and contingent expenses. \$2,016,545.65 Military establishment: support of

the Army and Military academy. 23,404,553.83 Public works, including river and harbor improvements...... 19,851,183.95 5,936,707.15 Miscellaneous objects....

Totals..... The appropriations for the fiscal year ending June 30, 1893, are as follows:

Salaries and contingent expenses.. \$2,047,712.45 Military establishment; support of the Army and Military Academy 24,026,921.15 Public works, including river and

.. 856, 532, 922, 54 Totals The estimates for the fiscal year ending June 30, 1892, are as follows: Salaries and contingent expenses. \$2,087,206.00

Military establishments: support of 26,301,855.86 Among the important events of this

great year of jubilee will be the naval display at Hampton Roads in April next. There will doubtless be a great gatherering of the naval officers of the nations. In a certain sense they will be our guests. The war department has an important military post and school at Fort Monroe, and should be in a condition to do its full shere in making this a great success. An appropriation of \$25,000 for this purpose is recommended.

In conclusion, Secretary Elkins expresses his gratitude to the president for many acts of forbearance and kindness, and his thanks to the major general commanding the army and to the heads of the different bureaus of the department for valuable assistance, all of which has tended to make the performance of his duties pleasant and agreeable.

A CHANCE FOR SCHOLARS.

A Hundred Dollars Reward for the Verification of a Biblical Translation.

CINCINNATI, Dec. 5 .- Benjamin Atkins, of Milford, who claims to be a great Latin and Greek scholar, says he found numerous cases wherein the sense of the Bible has been purposely changed in the process of translation. To substantiate in a single instance the truth of his statement, he addresses the following to the public and to Lane seminary especially:

"Any Greek scholar who will translate Luke xxvi-21, and make the translation read as our English version reads, will receive \$100 for the task. No words are to be omitted in the translation. The English of the lines to which I refer read: 'Besides all this, to-day is

the third day since these were done." Dr. Atkins says this version is a fraud, and designedly so, too, and that yet it is read in our churches as the inspired word of God. Competitors for the \$100 are to address the reverend gentleman at box 36, this city.

FOR SAFETY'S SAKE.

Surgeon General Wyman Will Recommend That Immigration Should Be Suspended for a Year at Least.

WASHINGTON, Dec. 5 .- Surgeon Gen. Wyman, of the Marine hospital service, in his annual report to the secretary of the treasury, will recommend, so it is said, as a measure of safety to the country during the progress of the World's Columbian ex-position that immigration be suspended for at least one year from the 1st of January next. This is based on the prediction of sanitary experts that cholera is almost certain to reappear in European countries next spring. It is regarded as almost certain that the secretary of the treasury will indorse the proposition as a part of his general plan for the establishment of a national quarantine service.

Saloon-Keeper Sued for Damages.

MARTIN'S FERRY, O., Dec. 5.-Mrs. Louisa McCord has brought suit in the common pleas court against Alex Lynn et al. for \$10,000 damages for selling whisky to her husband, F. H. McCord, a brick manufacturer.

What Caused the Earthquake? CHATTANOGSA, Tenn., Dec. 5 .- Great mystery susrounds the earthquake shock felt here Friday morning. It turns out to have been entirely local. Local scientists are much puzzled. While some hold that it was caused by the caving in of the roof of a subterranean limestone cavern, others deny that a cave-in would have caused such a shock without a large sinking of the crust of the earth. Nearly all other theories for local tremors of the earth have been assigned as the cause. Some faint-hearted ones suggest that a hid-den volcane under Lookout mountain is ready to burst forth.
